

JBOD CABINET FIXED MOUNTING

FIXED RACK MOUNT PARTS:

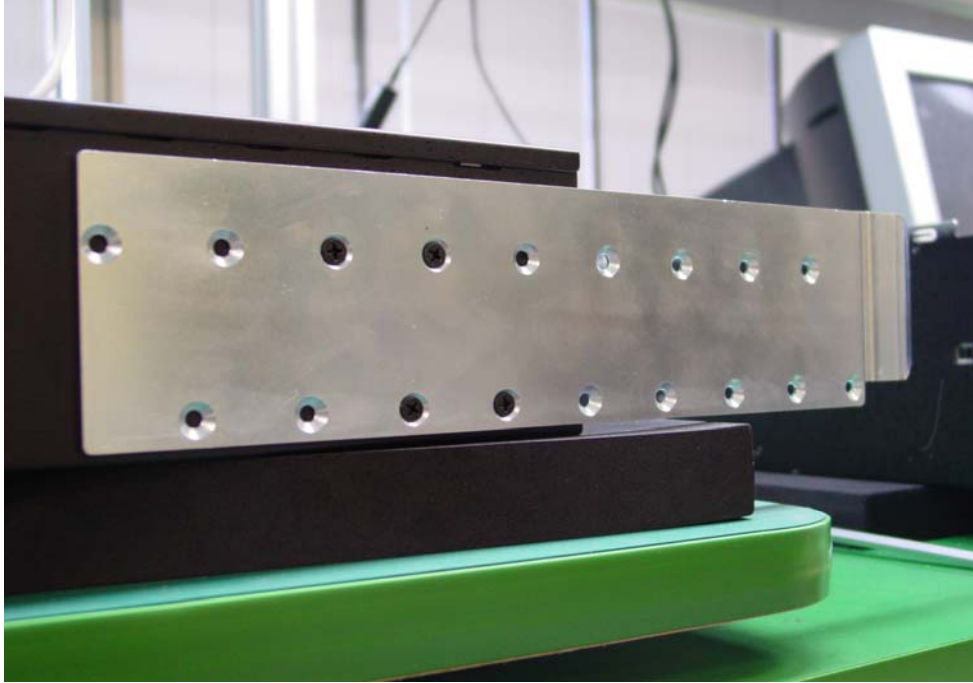

1. Installing fix-mount brackets to the cabinet:

Attached the fix-mount brackets to your cabinet using 2 pan head screws provided

2. Installing mounting rails to the JBOD:

Adjust the mounting rails on the JBOD to your cabinet's length. Use 4 flat head screws for each side.

3. Inserting JBOD to the cabinet:

Slide in the JBOD to the cabinet by aligning the back of the mounting rails to the fix-mount bracket's opening. Secure the front-ear handle of the JBOD to the cabinet.
